#### MEDICAL LETTER

**Date:** 12 May 2026

To Whom It May Concern,

This letter confirms that Mr. Daniel Adebayo was evaluated at Greenfield General Hospital on 11 May 2026 for complaints of recurrent headaches, fatigue, and elevated blood pressure.

Following clinical assessment and examination, the patient was diagnosed with mild hypertension and tension headaches. Appropriate medications were prescribed, and lifestyle modifications were advised.

The patient is medically stable and fit to continue normal daily activities while adhering to the prescribed treatment plan.

A follow-up review has been scheduled in four weeks for reassessment and laboratory investigations.

If additional medical clarification is required, kindly contact the hospital directly.

Sincerely,

Dr. Miriam Okafor  
Consultant Physician  
Greenfield General Hospital
